***Introduction to the History of Technology:  
The Mechanization of Warfare and Engineering (2 cr)***

***Organisation***

The course takes place in November and December 2005.

The course language is English.

A reader with the key texts will be at the students' disposal.

Guidelines for the written presentation will be distributed and the students are encouraged to make use of the office hours.

Course requirements:

- *oral presentation* (20-25 minutes) to one of the course themes and a *handout* (1 page)
- active participation in the discussions
- students are expected to read a common text (announced in the introductory meeting) for every session
- a *written paper* to one of the course themes (8-10 pages or 5000-6000 words)

The written presentation is due to be handed in by the **21st of December 2005.**

The assessment takes place as follows:

- oral presentation and hand out (50 %)
- written presentation (50%).

The students are expected to be present according to the general rules applied at the Fontys Hogeschool Venlo.

**Office hours : Students can be met at the library, periodicals room, during the following hours. For further appointments contact the course organiser.**
